FOUNDATION

BLUE CROSS BLUE SHIELD OF MASSACHUSETTS

EXPANDING ACCESS TO HEALTH CARE

The Blue Cross Blue Shield of Massachusetts Foundation is pleased to invite elected officials and leaders from the health care, business, labor, and advocacy communities to its third annual leadership summit to discuss the growing problem of the uninsured in Massachusetts and options for expanding health coverage. This meeting represents the culmination of the first phase of the Foundation's Roadmap to Coverage initiative.

At the meeting, the Foundation will release a new report by John Holahan, Randall Bovbjerg, and Jack Hadley of the Urban Institute that analyzes what we currently spend on medical care for the uninsured in Massachusetts and who pays for it. Alan Weil of the National Academy for State Health Policy will outline choices for expanding health coverage in the Commonwealth. The summit will also feature a presentation by Massachusetts Senate President Robert Travaglini.
